COPs of schools#

<sup>\*</sup>This does not take into account affiliated COPs.

<sup>&</sup>quot;Schools offering both IP and O-level track are counted as 1 school while the COPs include COPs of IP-track."

<sup>\*</sup>This indicates that the last student posted to the school had a PSLE Score better than 30. The school's COP is 30 because the school still had N(T) vacancies after the S1 Posting Exercise. Hence, students with PSLE Score of 30 and had met the eligibility criteria for progression to S1 would have been able to obtain a place in the school if they had chosen the school during the S1 Posting Exercise.
